BOONE COUNTY MASTER GARDENERS GRANT PROPOSAL GUIDELINES

The Boone County Master Gardener group is pleased to offer grants for a garden project to individuals or organizations in the county.

BCMG offers grants to residents of Boone County for projects that further the purpose of the Purdue Master Gardener Program.

BCMG grant awards typically range from \$100 to \$250, but each grant request is considered on its own merit for either full or partial funding.

Education is an important component of the Master Gardener Program's mission. Please be sure that your project includes this in some way. Possible suggestions include signage, plant labels, on site interpreter, flyers, a presentation, or a class project.

Grant applications are due by November 1.

Grants will be awarded and presented in January.

Final report is due within one month of the completion of the project (as stated in project timeline).
